BIOTOPIA ONLINE CONFERENCE INFORMATION PACKAGE

26-27
August

11:00-21:00 (UTC+03)

Dear online conference participant!

We are glad to announce that our first international hybrid conference Biotoopia will be held on 26-28 August 2021 in Viinistu Art Harbour in Estonia, and the online part of it on 26-27 August on Worksup platform, each day at 11:00-21:00 (UTC +03).

The conference provides a wide range of speakers and discussions searching for fresh modes of cooperation between the arts, sciences and biosphere, to prepare the ground for the germination of new thought patterns. The first Biotoopia will focus on ecosystems and biodiversity – the interactions, communications and appearances of intellect within ecological communities. The full programme is available on our website www.biotoopia.ee.

The conference will bring together artists, biologists, philosophers, teachers, entrepreneurs and nature lovers from all over the world.
